

# Stone and Light

**ALABASTER LIGHTING**

HOLLY HUNT

DESIGN ATELIER ALAIN ELLOUZ

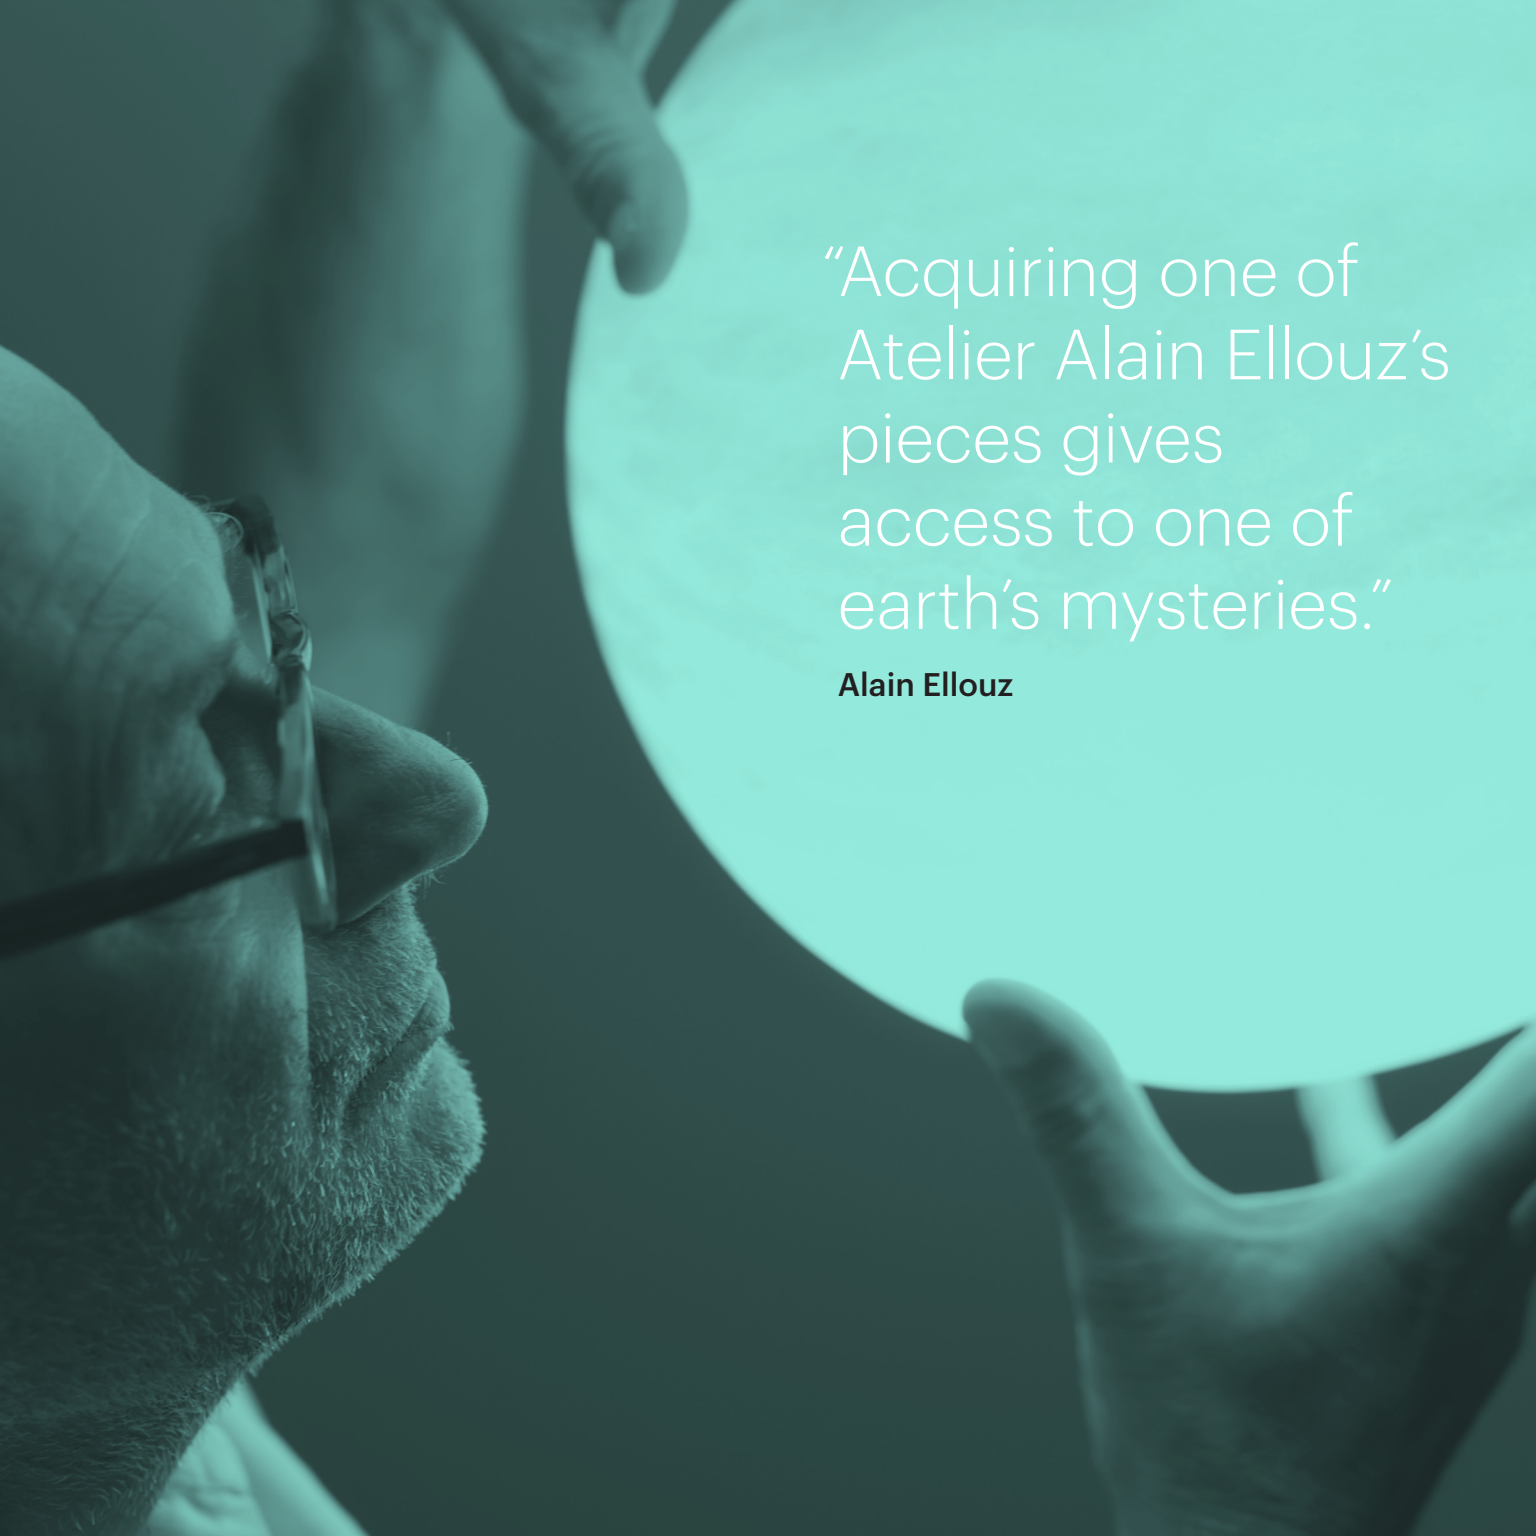

## Alain Ellouz

A true stone sculptor, Alain Ellouz has mastered the unique nature of alabaster stone, transforming its raw banality into a work of art. He has developed a new craft that combines the precise manual gesture of sculptors and stone carpenters with the latest technology, mastery of light and protection of alabaster. Alain Ellouz creates radical designs that are in harmony with both his artistic convictions and the characteristics of the materials he works with.

A man with glasses and a beard is shown in profile, looking up at a large, glowing teal circle. Two hands are visible, one at the top and one at the bottom, holding the circle. The background is dark and out of focus.

“Acquiring one of  
Atelier Alain Ellouz’s  
pieces gives  
access to one of  
earth’s mysteries.”

Alabaster is at the core of  
Atelier Alain Ellouz's creations,  
designed to reveal the  
stone's vibrant richness.
