

HOLLY HUNT LEATHER

SKU AND NAME

6005 / SEVILLA

DESCRIPTION

Sevilla is a natural grain, hand tipped leather with natural characteristics evident. A transparent protective finish is applied to give a beautiful sheen and hand while protecting the surface from the elements.

CLEANING & CARE

- Remove regular dust with a slightly damp cloth. Air dry.
- Clean spots with a slightly damp cloth and rub gently in circular motions only, so that the leather tipping does not get damaged. When spot cleaning, always test a small, inconspicuous part of the furniture in case of discoloration.
- Specific leather treatment products can be recommended for tougher stains.
