

HOLLY HUNT LEATHER

SKU AND NAME

9251 / DIAMONDS ARE FOREVER

DESCRIPTION

Diamonds are Forever is a pearlized leather with a soft luster and smooth finish. Its soft hand inspired by the luxury fashion industry makes this a rich and supple leather. New warm golden tones, silver and metallic navy are just a few of the colors added to our most popular pearlized leather. The slight grain becomes super smooth in tight upholstery. Diamonds are Forever has more sheen and metallic than the calfskin suede, Moon River. For a great matte option, shop Moon River.

CLEANING & CARE

- The surface of this leather is protected with a polyurethane top coat that will repel most common stains when blotted immediately.
- Clean spots with a slightly damp cloth and rub gently in circular motions only, so that the leather tipping does not get damaged.
- When spot cleaning, always test a small, inconspicuous part of the furniture in case of discoloration.
- Do not use soap or detergents.
