Each line of Holly Hunt's cast-bronze Goblet Table ends in a curve, with no sharp edges to interrupt the flow. The Bronze Smoke glass top captures and reflects light in unusual and lovely ways. hollyhunt.com

The gentle curves of Holly Hunt's Mesa Sofa and Lounge Chair are at once minimalist and modern. The smooth upholstered seat shows off the clean, open cuts of the sofa and chair back, and each piece rests on an unusual base, with the sofa perched on slim, angular legs and the swivel chair poised on a polished circular base with a Linden Bronze finish. Shown in Great Plains by Holly Hunt fabrics. hollyhunt.com

A beautiful mix of ironwork and classic upholstery, Holly Hunt's Dublin Lounge Chair melds two design styles. The filled back and wide seat are perfectly proportioned for sleek comfort, while the texture and curving lines of the cast-bronze arms and feet reveal true artistry. Shown in Holly Hunt leather. hollyhunt.com

Holly Hunt's Gazelle Cocktail Table is a blend of smart design, organic processes and precise construction techniques. The shape of the Absolute Black granite top is both sexy and structural, with beveled edges that push the limit of thinness for the material. The cast-bronze legs are engineered to be completely separate from one another in order to create a sense of openness and space. hollyhunt.com
