D

CLEANING & CARE

- The surface of this leather is protected with a polyurethane top coat that will repel most common stains when blotted immediately.
- Clean spots with a slightly damp cloth and rub gently in circular motions only, so that the leather does not get damaged.
- When spot cleaning, always test a small, inconspicuous part of the furniture in case of discoloration.
- Specific leather treatment products can be recommended for tougher stains.

BACKING RECOMMENDATION

Pre-backed
