## CLEANING & CARE

- Do not dry clean.
- For optimal textile performance, maintain fabrics by gently cleaning the surface regularly with a soft cloth, wipe or blot spills as soon as they occur, and spot clean soon after stains occur. When spot cleaning, always test a small, inconspicuous part of the furniture in case of discoloration or shrinkage. For periodic maintenance, GREAT PLAINS recommends using a solution of lukewarm water (max 35°C, 95°F) and a neutral soap.
