Recommended for medium to heavy duty residential and contract use

**WEIGHT**

Upholstery

**FREIGHT CODE**

D

**NOTES**

Striations can appear when used on large, flat, upholstery.  
Please contact a sales associate for further details.

**CLEANING & CARE**

- For optimal textile performance, maintain fabrics by gently vacuuming dirt before it becomes embedded, wipe or blot spills as soon as they occur, and spot clean soon after stains occur.
- Mohair velvets should be brushed with a hard clothes-brush and/or vacuumed with the nozzle, always in the direction of the nap. A rejuvenating treatment for mohair is to rub it with a slightly damp leather cloth, again in the direction of the nap.

- When spot cleaning, always test a small, inconspicuous part of the furniture in case of discoloration or shrinkage. Avoid excessive brushing that may abrade the fibers.
- Minor stains should be treated as soon as they occur using a slightly moistened white absorbent cloth using lukewarm water. For difficult stains, a diluted carpet or upholstery shampoo can be used in accordance with the instructions included with the cleaning agent. Never apply the cleaning solution directly onto the upholstery. Instead, apply directly to a dampened white cloth. Any residual cleaning agent should be carefully removed with a damp cloth.
- The upholstery fabric should be dried thoroughly (at least 24 hours) before being used again. A hair dryer on a low temperature setting can be used for this purpose.

For stubborn stains, consult with a professional upholstery cleaner.

**SPECIAL INSTRUCTION**

- Because of Fuzzy Wuzzy’s high pile height, GREAT PLAINS ALWAYS recommends pairing FUZZY WUZZY with GREAT PLAINS TRIM for upholstery applications to ensure tight, tailored corners.
