CLEANING & CARE

- Professional dry cleaning is recommended.
- For optimal textile performance, maintain fabrics by gently vacuuming dirt before it becomes embedded, wipe or blot spills as soon as they occur, and spot clean soon after stains occur. When spot cleaning, always test a small, inconspicuous part of the furniture in case of discoloration or shrinkage. Avoid excessive brushing that may abrade the fibers.

NOTES

- Pre-approved quality for Nano-Tex® treatment. Please contact your GREAT PLAINS Textiles sales representative for more details.

BACKING RECOMMENDATION

- Knit backing recommended for upholstery use.
