

# HOLLY HUNT

## Rugs

## Custom Capabilities

### Colors

**Wool and Silk fibers** can be dyed to match any color; a strike off is required. Clients can provide a paint chip, fabric swatch or rug pom to match. Please note, the whitest shade of wool or silk offered is our existing HOLLY HUNT color, Bleached.

**Sunbrella Performance** can be plied together to achieve a heathered color, but cannot be dyed to match colors outside of the standard performance color offering. If interested in seeing multiple colors plied together to create a heathered color blend, we can do a color trial with a 4-5 week lead time.

**Mongolian Cashmere fibers** can be custom colored; a strike off is required. Please note, it is not possible to achieve a bright white or ivory in these fibers.

**Linen fibers** are only available in two colors, Natural and Bleached, and cannot be custom colored.

**Alpaca Plush fibers** are only available in two colors, Natural and Bleached, and cannot be custom colored.

**There is no upcharge for custom coloring. With a 50% deposit on the rug order, up to five (5) strike offs can be made free of charge. Without a deposit on the rug order, 1'x1' strike offs are \$100 each. Strike offs take 7-9 weeks for production and shipping.**

### Sizes and Shapes

Beyond Borders rugs can be made to any size or shape, with the upcharges listed below:

**OVER 12' WIDE: 15%**

**ROUND/OVAL/FREE-FORM SHAPE: 20%**

**ROUND/OVAL/FREE-FORM SHAPE OVER 12' WIDE: 20%**

For freeform and oval rugs, a template and **3" of overage** on the width and length are required. We request from the client a CAD file of their rug, and HOLLY HUNT will facilitate creating a template and shipping it to our weavers in Nepal for trimming to shape. Clients also have the option of providing their own paper template.

### Designs

Clients have the option to re-scale rug patterns, alter existing designs, add or remove borders and provide original artwork, all at no additional design cost. We will work back and forth with the client on a Drawing for Approval (DFA) to create their one-of-a-kind rug with the artwork of their choice. Please note, custom artwork is limited to patterns with 10 colors or less.
