

## FABRIC NUMBER AND NAME

284 / FISHERMAN'S NET

## DESCRIPTION

The first Sunbrella embroidery fabric to hit the market, we are thrilled to launch FISHERMAN'S NET. Produced in the United States by the same embroidery team that manufacturers the stars on the American flags, we worked closely with Sunbrella to develop this new category-completely outdoor suitable embroidery. Using a solution dyed acrylic Sunbrella canvas as the base and Sunbrella yarns as the embroidery threads, this item has the same care and cleaning as all Great Outdoors fabrics. We see this as drapery or pillows!

\*\*\*Please note this article is produced in 10.5-yard increments. It is sold by the yard; however, the longest bolt will be a 10.5-yard piece. As usual, waive your CFA as all Sunbrella dye lots will match!

## CLEANING & CARE

- Do not Dry Clean
- 100% Solution Dyed fibers are kidproof, dyed-through, easy to clean and don't fade!

- Maintain fabrics by brushing off dirt before it becomes embedded, wipe up spills as soon as they occur or spot clean soon after stains occur.
- Spot clean only with a soft sponge or cloth. Do not use a brush as it may abrade the fibers. The delicate weave and fine denure of the yarns can break when cleaned with rough bristles.
